

WHERE DO YOU FIND TURNKEY **QUALITY CONTROL** AND **QUALITY ASSURANCE** SOLUTIONS?

Indianapolis Testing Laboratory, Inc. **WITHOUT A DOUBT**

This rest park reconstruction project illustrates our commitment to offering turnkey solutions along with multiple offices to better serve the region. Indianapolis Testing Laboratory offers clients access to a full spectrum of construction material laboratory services, including:

- Project management
- Project supervision
- Inspection and testing

Indiana Department of Transportation specifications governed the expansion and reconstruction of two rest park facilities in Muncie, Indiana. As the Indiana Department of Transportation’s sole presence on the project, Indianapolis Testing Laboratory provided all levels of scope from resident engineer to construction inspector, including:

- Measuring and documenting quantities
- Authorizing payments
- Recommending contract changes
- Processing change orders
- Coordination of utilities, emergency services and local officials with contractor and subs
